

# Porters Grange Primary School & Nursery

Principal: Miss D Henley

CEO - Mrs C. Woolf

23rd June 2026

Dear Parents and Carers,

I am writing to let you know about the arrangements we have put in place in response to the current hot weather. The safety, comfort and well-being of the children remain our priority, and we have taken a number of steps to help ensure that school continues to run as comfortably as possible.

We have two large air-conditioned spaces available, along with a smaller room that children will be able to access throughout the day should they need a cooler environment. In addition, each classroom is equipped with a large fan, fresh water, and good ventilation. Our classrooms are also high-ceilinged Victorian rooms, which helps to reduce the impact of the heat. We will continue to monitor temperatures in both classrooms and the playground and make decisions accordingly. In line with this approach, all assemblies and clubs have been cancelled for this week, and PE will not be taught.

We are following the guidance issued by the Department for Education and will continue to take all reasonable measures to support the children during this spell of hot weather. Our uniform is already lightweight, and shorts remain an option should your child wish to wear them. We would also be grateful if you could ensure your child brings a hat to school each day and that you make sure sun cream is applied.

Thank you for your continued support and understanding. Please be assured that we will keep a close eye on conditions throughout the week and will adapt our plans as needed to keep the children as safe and comfortable as possible.

Yours sincerely,

Miss D Henley
